

# Rating Bullying Prevention Best Practices in Your School

---

Rating bullying prevention best practices in your school will help you determine what is going well and what areas need work. Of course the higher the score the better. Use this rating tool to get a better idea of where your school is and help move you into the right direction.

Read BEST PRACTICES of the online toolkit and rate where you feel your school is regarding the criteria below.

## Scale 1-5

1 = We were not aware this is a best practice or have not been able to make this happen.

2 = We have work to do and should learn more about this best practice.

3 = About half of our staff understands this practice.

4 = We implement this practice most of the time.

5 = We have arrived and can show others how it's done.

CRITERIA	POINTS
Focus on the social environment of the school.	
Assess bullying at your school.	
Garner staff and parent support for bullying prevention.	
Form a group to coordinate the school's bullying prevention efforts.	
Train your staff in bullying prevention.	
Establish and enforce school rules and policies related to bullying prevention.	
Increase adult supervision in hot spots where bullying occurs.	
Intervene consistently and appropriately in bullying situations.	
Focus some class time on bullying prevention.	
Continue these efforts over time.	
<b>TOTAL POINTS</b>	
ONE BONUS POINT – Provide opportunities for meaningful youth engagement in bullying prevention and school climate improvement efforts.
